We build our Skid Units with only the best components available on the market. Our Skid Units are built with many standard features and a multitude of options to choose from to customize your own unit. Finally, every single skid units is inspected and tested to make sure the product you receive meets your expectations.

- CET designs, engineers and manufactures our skid units from the ground up
- Customizable to meet your needs
- ISO 9001 Certified
- Know-How + Dependability + Efficiency = solid product at an affordable price.

**Econo Pac** Simple to operate, great for ranchers, farmers, homeowners in wild land interface areas and smaller fire agency vehicles.

**Quick Skid Un**

**Ready Pac** Features popular 6hp-Twin pump and is similar to Attack Pac, but without Booster Reel. Great for urban interface firefighting... car fires, dumpster fires and small room & contents fires.
Delivery it Models

**Attack Pac** Sets the standard for Skid Unit mobile fire attack for firefighting agencies in more than 44 countries.

**Forest Pac** Great for Wild and Forestry fire fighting with larger capacity NFPA tank.

**Skeeter Space Pac** Small and nimble, great for firefighting/EMS use on ATV and UTV vehicles when navigating through large crowds of people at events, or in remote areas where pickup size trucks are too big to go through.
BRUSH TRUCKS & QUICK ATTACK UNITS

- Solid / Affordable / Practical
- Available in Polybody or aluminum
- Customized & standard designs available

Visit us at fire-pump.com
No two CET Brush Trucks are exactly alike because no two fire departments are exactly alike. Highly customizable-CET makes our trucks to meet your fire departments specific needs.
Separate and distinct foam cells

Cuts down divided warranty responsibility between component suppliers who build only tanks

Tongue and Groove construction for better fit and finish

All tanks spark tested before shipment

Top and bottom tank gauges for quality assurance when final assembly and welding are complete

Foam outlet manifolds are assembled in the bottom of the foam tank for better gravity feed to proportioner(s)

Take advantage of the innovative storage features now standard options

Quality Control ISO 9001 Company

CET builds our own water tanks to NFPA standards ranging in size from 50 gallons to 2,000 gallons. CET also custom builds tanks for OEM fire truck manufacturers worldwide.

Know-How + Dependability + Efficiency = Solid products at affordable prices.

Call us at 800-567-2719
CET Fire Pumps manufactures a variety of foam trailers from 150 to 2,000 gallons. These versatile trailers are ideal for use in industrial, commercial, municipal and forestry environments. Foam trailers provide an effective tool for airport fuel storage and power plant installations.

- Completely designed, engineered and manufactured by CET craftsmen
- ISO 9001 Certification
- Customizable to your specific needs
- Know-How + Dependability + Efficiency = solid product at an affordable price.
- Class A Foam and Class B Foam increases efficiency and conservation of water supply
CET manufactures portable pumps, skid units, brush trucks and more to allow fire departments to Adapt, Improvise & Extinguish fire in almost any scenario where hydrants are scarce and static water resources maybe all you have to work with. CET- Providing fire ground solutions since 1908

Advantages of A CET Glider Kit

- The Glider Kit package can be installed on a cab and chassis with supplied “U” bolts, Teflon “Dielectric” pads and brackets. This design allows the body and flatbed to withstand greater levels of stress that can distort other commercial style flat-beds. A truly “OFF ROAD” flatbed!

- A modular design allows removal from the chassis for major repair or mounting on a new chassis.

- Perfect for fire departments that have their own chassis

- Components are pre-assembled, pre-plumbed, pre-wired, and shipped to the OEM in a self-contained, tested unit.

- Perfect for OEM’s, reduces “bay-time” as the CET Glider Kit can be installed in 24-48 hours. Mount, attach 4 “U” bolts, connect electrical and go fight fire
